

Program Description And Philosophy:

The Burnaby Neighbourhood House (BNH) School Age Childcare program is a learn-through-play program that attempts to reflect and enhance the cultural backgrounds and languages of the children.

Our programs encourages and supports the potential of children through an environment that provides optimal social and emotional growth, and physical and intellectual skills. Feelings of confidence and success are promoted through a wide range of child appropriate activities and opportunities.

Each day will include a variety of activities, such as arts and crafts, indoor and outdoor play, group games, cooking & baking, drama, and time for free play.

Summer fees \$225 per week

"We couldn't ask for anything more for our child. It is a positive, fun and safe place to be outside of school for the kids.

The activities are great, our child loves the snacks, hours are great and wonderful planned activities on professional days, Christmas break and Spring break. We are so pleased!"

- School Age Childcare Parent

"Our daughter has been attending the BNH Marlborough before and after school care program (and camps) for 6 years. The program is very well designed. Our daughter has made many friends through the program and definitely considers the staff to be great friends. We know the program is meeting our daughter's emotional and physical needs because she wants to go each day and loves staying as long as she can. The program always offers exciting activities and the staff are very in tune with all the children's needs. The staff are extremely approachable and their passion toward providing the absolute best program is evident every day, they truly love the children. We do not think parents could find a better program for their children."

- School Age Childcare Parent
