HOMEOPATHY

with Sarah Leigh, Homeopathic Medicine Practitioner Homeopathy

Homeopathy is a medical system based on the belief that the body has the ability to heal itself. Homeopathic medicine views symptoms of illness as normal responses of the body as it attempts to regain health. It is based on the idea that "like cures like." That is, if a substance causes a symptom in a healthy person, giving the person a very small amount of the same substance may cure the illness.
