## The Burnaby Neighbourhood House in response to the COVID-19 Virus

At the Burnaby Neighbourhood House we have been doing our best to follow all recommendations from the Public Health Agency of Canada (PHAC) to reduce the risk to the community, our members, volunteers, and staff team. With the increasing number of infected cases in Canada and the risk of burden on the Health Care system, *we will be closing both North and South Houses immediately; childcare services and the North House Food Bank will remain open until further notice.* During our closure, you could either phone or email us for any questions you may have. However, we will not be taking any “Tax Clinic” appointments at this time.

We will continue to monitor the situation with updates on our website and social media. We will advise all of our members and volunteers when we are ready reopen. Thank you for your continued support during these uncertain times.
