Training

WHAT IS FUTURE LEADERS?

This program is designed for youth to develop leadership skills specifically through a practicum working with children in a child-care settings; planning games and activities for kids and being strong mentors. This leadership program requires a significant time commitment from students, allowing them to spend time using their newly learned skills with children in our School Aged Child Care centres. This program is also a way for youth to complete the required 'Career Prep' hours for high school graduation.
