

## WHAT IS BNH

### The Burnaby Neighbourhood House is:

- a place where families and individuals can come to get support and services;
- a place where new immigrants become connected and can find information and resources that will help them settle into their new community;
- where seniors and youth can gather and where all these groups can come together in activities and events that aim to link generations and cultures to create a stronger community.

## Program Description

### C.A.L.P. / literacy

The Burnaby Community Adult Literacy program offered by the Burnaby Neighbourhood House since Dec. 2011 is the only literacy program available in Burnaby.

We have been working hard to improve and increase literacy in the Burnaby community through C.A.L.P. The program supports English speakers who lack basic reading and writing skills by pairing them with a trained tutor who they meet once a week for 2 hour sessions. Learners are assessed before being accepted into the program to know what their goals are and an individual learning plan is created to support their learning curve.
