

The Burnaby Neighbourhood House serves as a community focal point – a place where families and individuals can go to get support and services; a place where new immigrants become involved in their community and can find information and resources that will help them with their adaptation and integration into the community; where seniors and youth can gather; and where all these groups can come together in activities and events that aim to link generations and cultures and create a stronger community.

It seeks the involvement and input of community members in the development and implementation of supportive programs and services. It draws residents together to create a healthier community through their involvement.
