

- Parenting Workshop -

FIRM BUT FAIR

Tuesday,
May 16th, 2023
10:30-11:30 AM

When it comes to disciplining children of any age, one of the most important parenting skills a parent can learn is summed up in a few words: firmness doesn't require harshness. We can get our kids to cooperate without yelling, shaming or arguing back and forth. During this workshop parents will learn how to set clearly defined boundaries and standards for behaviour and strengthen the parent/child relationship.
